

HONG KONG BAPTIST UNIVERSITY
Task Force on Research Student Training Framework

Research Student Development Activity (For AY2026/27)

1. Activity Title

Emergency Handling for Research Project Work

2. Offering Department/ Unit

Estates Office

3. Target Student Group (e.g., All students, Research Postgraduate students)

Research Postgraduate Students

4. Delivery Method (e.g., workshop, lecture, seminar)

Online training in Moodle

5. Duration & Total No. of Hours (e.g., 2 hours per session per week for 3 weeks = Total 6 hours)

0.5 Hours

6. Aims & Objectives

Aim to enhance the awareness of possible laboratory accidents in advance before planning the experimental framework and prevent accidents from happening by following safety measures. At the same time, introduce proper emergency measures and handling procedures which should be available for individual research environments.

7. Expected Development Outcomes or Knowledge/Skills Attainment

Ensure the research postgraduate students to apply emergency handling procedures in a laboratory setting by achieving at least 80% on an assessment, valid for two years.

8. Expected Graduate Attributes Attained

[Input will be sought after the University completes the review process]
