

HONG KONG BAPTIST UNIVERSITY
Task Force on Research Student Training Framework

Research Student Development Activity

1. Activity Title

Institute of Transdisciplinary Studies (ITS) Lecture/ Research Seminar

2. Offering Department/ Unit

ITS

3. Target Student Group (e.g. All students, Research Postgraduate students)

Research Postgraduate students (except students admitted under the ITS programme)

4. Delivery Method (e.g. workshop, lecture, seminar)

Lecture, seminar

5. Duration & Total No. of Hours (e.g. 2 hours per session per week for 3 weeks = Total 6 hours)

2 hours per session

6. Aims & Objectives

The lecture/seminar aims to provide students with practical and intensive research training by involving them in transdisciplinary research projects. With the project-based doctoral research training, apart from research knowledge, their language, writing, presentation, analytical skills and other soft skills will also be enhanced which will lay a solid foundation for the students' future research journey.

7. Expected Development Outcomes or Knowledge/Skills Attainment

By the end of the lecture/seminar, students should be able to:

1. Master research methodologies, research ethics and entrepreneurship by a comprehensive review on relevant literature.
2. Evaluate existing regimes and develop original research insights.
3. Apply a variety of skills, such as language, writing, presentation, planning, organisation and time-management skills for preparing research proposals.
4. Communicate and exchange ideas on transdisciplinary research with various audience.
5. Take an autonomous initiative in the acquisition of new or advanced knowledge.

8. Expected Graduate Attributes Attained

[Input will be sought after the University completes the review process]
